EDUCATION

Bachelor of Technology (Artificial intelligence)	2025 - 2029
Newton School Of Technology, Rishihood University	Grade: 7.68/10.0
Intermediate (Class XII)	2024 - 2025
Gyanti devi Inter College	Grade: 67.0%
Matriculation (Class X)	2021 - 2022
Sunbeam School, Ballia	Grade: 84.0%

INTERNSHIPS

Frontend SDE Intern	January 2026 - March 2026
Wondrr	<i>NCR Delhi</i>

- Migrated legacy **React-based admin panel** to **Next.js production architecture**, improving routing structure and performance
 - Integrated frontend with existing backend services via **REST APIs**, ensuring seamless data flow across dashboards and management tools
 - Refactored components into reusable modular structure using modern **React + Next.js patterns**
 - Implemented optimized page rendering using **SSR/CSR strategies** where appropriate
 - Improved maintainability by restructuring project folders and aligning with scalable frontend architecture practices
 - Collaborated with backend team to debug API issues and ensure correct contract handling
 - Enhanced UI responsiveness and overall developer experience during migration
- Tech:** Next.js, React, JavaScript, REST APIs, TailwindCSS, Zustand, Axios

PROJECTS

url-shortner (Github) (Demo)	March 2026
• Built a RESTful backend service to convert long URLs into unique, shareable short links • Designed and implemented database-backed slug generation to ensure uniqueness and scalability • Handled redirection logic with optimized lookup performance • Implemented request validation and error handling for robust API behavior • Developed using NextJS, Prisma, Express.js and a relational database	
Vidyasetu (Github) (Demo)	March 2026
Developing a full-stack AI-powered study platform for generating quizzes from NCERT content and user notes	
• Built features to evaluate subjective answers using AI-based assessment • Designed analytics dashboards to track user performance and learning progress • Integrated structured content pipelines for personalized learning experiences • Implemented AI-powered chat functionality to interact with and query NCERT PDFs for contextual learning • Tech Stack: Next.js, Prisma, Supabase, Tailwind CSS, JWT, Next-Auth, AI APIs	

SKILLS

Computer Language: Python, TypeScript

Frameworks & Libraries: Express JS, Next.js, Node.js, Prisma ORM, React, Redux, Tailwind, Tailwind CSS, Zustand

EXTRA-CURRICULAR ACTIVITIES

Project Admin — GirlScript Summer of Code 2026

Project: VidyaSetu — May 2026 – Present

Description:

- Maintained VidyaSetu during GSSoC 2026 and coordinated open-source contributors.
- Reviewed pull requests, assigned issues, resolved merge conflicts, and enforced CI/build standards.
- Guided contributors across frontend, backend, authentication, analytics, and AI-related features.
- Managed **29 contributors**, reviewed **136 PRs**, and merged **87 contributions**.
- <https://github.com/MRIARC-08/VidyaSetu>
